**PROTECT WOODS FROM FIRE**  
A tree will make a million matches—a match will destroy a million trees.  
Take no chances with lighted matches, tobacco, brush, or camp fires.  
Forest destruction is quick—forest growth slow.  
Burned timber pays no wages.  
When fire is discovered, put it out if you can. Get help if you need it.  
**ARE YOU PRACTICING PREVENTION AND FOREST PROTECTION?**  
GROW TIMBER—IT PAYS!

**GIVE THEM SOMETHING TO PUT THEIR TEETH IN!**

This fall will see a Home Economics course included in the courses of study at the High School for the first time in a number of years. The Board of Education is to be congratulated in offering it again to the girls of Statesboro.

We would like to see next a commercial course offered. The advantages and benefits that such an addition to the High School curriculum are too obvious to enumerate.

Mr. S. H. Sherman, the new superintendent of the Statesboro Public Schools, asked a question at this week's Rotary meeting: "How many of you men here today have had to use the Latin or French you learned at high school in your business?" How many of you have used the Algebra you studied in high school to work out a problem in your business?

The boys given at that meeting indicate the need of courses in high school that our young people can put their teeth in—typewriting, bookkeeping, business arithmetic, manual training, agriculture.

A great number of high school graduates do not get to go off to college. These who do not should be given an opportunity to study something they can use when they finish high school. And what course could be of more use than a commercial course?

Let it be next?

**"SERVICE ABOVE SELF"**  
At its meeting this week the Statesboro Rotary Club announced its intentions of setting up a student loan fund to help young people without the necessary funds secure a college education.

This fund as planned by the Rotary Club will be administered solely for the benefit of Statesboro and Bulloch county youths and loans will be restricted absolutely to those who cannot obtain a college or university education without help. A committee of Rotarians will be named to administer the fund.

Definite work of this kind by a civic organization will develop a solidarity of purpose and unity of action, and stabilize its ideals of service. The opportunities to serve are all around us and no matter what our resources are the demand will not be met. If a report should become current that there was a large treasure buried in our community we would dig the place to pieces in an effort to find it. There are richer jewels than any material treasure hid away in humble homes that can be found and developed and marketed with very little effort. And it is a significant fact that as we grow older it is the acts of service that we have rendered to others along the way that we will remember with the most pleasure.

We do not know of a greater service that can be done in a community than the one the local Rotary Club is planning with its Student Loan Fund. Here is a real application of the club's motto, "Service Above Self."

**THE IVANHOE COMMUNITY CLUB**  
Statesboro cannot claim all the organizations for community improvement and promotion in Bulloch County.

There is the Ivanhoe Community Club which has received wide recognition for the promotion of the welfare of the people of its section of the county.

The club was organized on July 4, 1932. In 1935 the members built a community house. The present membership is approximately seventy-five representing twenty-one families. Practically all the activities of that section of the county are carried on in a community spirit. There is a library, a community telephone system, a meat curing house, they plant their crops together and they enjoy living together. They meet once a month. During the summer they hold their meetings at the Steel Bridge over the Ogeechee River. During the rest of the year they meet at their home. Community problems are studied and solved. Community cooperation is the key-note of the organization.

Mr. John W. Davis was the first president of the club and was president until his death in 1934. Since that date Mr. W. A. Groover has been president.

It is clubs like this that make for better understanding and living in a community. We toss up our hat for the great work the Ivanhoe Community Club is doing.

**REMEMBER WEDNESDAYS**  
The baby which the Hospital Auxiliary admitted to the Bulloch County hospital about three weeks ago was dismissed last week with a new lease on life. It had gained about three pounds in weight and now has every chance to live, where three weeks ago its chances of doing so were almost negligible.

If the Hospital Auxiliary does not do another thing, the new life given this child makes their organization worth every effort exerted by its members. Work done by such a group deserves the wholehearted support of everyone with an ounce of human kindness in ones heart. It is a work the results of which cannot be measured in dollars and cents. Remember this when Wednesdays come around. Contribute your small share by going to the Georgia Theatre on Wednesdays when the Auxiliary realizes a share in the theatre's business. Wednesday is "Hospital Day" at the Georgia.

**The Editor's Uneasy Chair**  
IT HAPPENED TEN YEARS AGO:  
At the end of the sixth day of the tobacco market a total of 660,000 pounds were sold. Mr. and Mrs. Fred Fletcher motored to Savannah Sunday.

Miss Betty Bird Foy celebrated her second birthday by entertaining fifteen of her friends with a party at her home. Pictures of the group were taken.

Plans were completed for the Georgia Press Association here Monday, August 13. Requests for bids on the new school building were asked. The building was for the Ciporenka section of the county.

Two truck loads of Bulloch County 4-H Club boys left here to go to Camp Wilkins on the Campus at the University of Georgia. There were over three hundred boys at the camp.

**"RELIEF BUMS"**  
A news item of a Negro taxi driver who was unable to work for a time because of illness. He obtained \$50 from a government relief agency to tide him over. Now he is back at work, and is trying to return the money. When it was pointed out to him that he was not legally obligated to do this, he observed that "that was the way I'm raised—and that's the way I'm raising my child."

A great many other Americans can learn a lesson from this Negro taxi driver. One of the most ominous portents on the horizon is the fact that thousands of people have apparently come to look on relief as a "profession." They plan to make it their "life work." Productive jobs in private industry hold no attraction for them, when they can take it easy at the taxpayers' expense. They figure someone owes them a living.

This isn't a criticism of those people who have turned to relief only as a last resort, and are eager to get off the rolls as soon as opportunity for a real job comes along. Nor is it a criticism of relief per se. The hungry must be fed, the homeless sheltered, the clothed clothed. Honest beneficiaries of relief aggressively seek real employment. Professional "relief bums" are a new menace to democratic government.

The Negro's statement was news because his attitude was so unusual today. It should be printed on every relief check and public grant.—Telford Enterprise.

**THINGS TO WATCH FOR:** A "draftless fan" which stands on the floor and draws in cool air at approximately floor level, and shooting it up toward the ceiling in a perpendicular column. A collapsible fish net, which snaps open like an umbrella, to lift fish out of the water.

## All's Fair...

Miami Shores, waves breaking gently on warm sands, and three children ranging from 5 years to 18 months playing in the sand.

And we are reminded that Almaria Johnston and her attractive children are breathing the pit air of Tybee and dodging stingarees. With them are the Mark Etheridges of Louisville, Ky. Mrs. Etheridge is as you know, Willie Snow Etheridge, author of that delectable group of essays, "As I Live and Breathe," that we enjoyed so much even a no hot afternoon, and later gave us "Mingled Yarn." From our acquaintance with her through her book we know she'd be grand company at the beach. We believe she could eat hot dogs with the greediest of us, and sleep with the leanest, and slap mosquitoes with a much gusto as the next one, and then when the moon comes up, I'd like to be there for her description. She'd be sure to use simple words.

But we nominate as our luckiest vacationist, Jim Coleman, now of Atlanta, but still one of our boys. Jim was one of a party making a Caribbean Cruise. Everything was going nicely, but not particularly exciting, until a Swedish Consul entered the scheme of things. The Consul invited Jim and three girls who were in the party to stay in his home while they were in Panama City. Their host proved to be very wealthy and entertained them most lavishly. He insisted that they stay for three nights and join their party at Cristobal. The time drew near and Jim and the girls were wondering how they were going to get to Cristobal by sailing time. They didn't want to question such a perfect host. But at the proper time this gentleman made a modern Aladdin chartered a Pan American Clipper and set his guests down beside their steamer just a few minutes before sailing time. And as if he had not been royal enough in his attention he joined them later in Havana having come there by plane from his home in Panama City.

THE NEVILLS  
READING CLUB

is still growing although not as rapidly as it did at first. Two new members joined at the last meeting, they were John B. Nesmith and Nancy Louise Nesmith. This sent the enrollment to 85. The tobacco crop is now almost over. Children will again be given their Saturday afternoon singing, therefore the attendance is expected to be more systematic. You are asked to remember that the meeting begins at 4:30 o'clock and closes at 6:30. Of course, because of the tobacco work, many were late, but they checked their books just in the same, which sometimes lasted until in the night. You are asked to please try and make a special effort to be on time each week and come early enough for the social hour and story telling.

## Black Ducks Are Wise

Black ducks know how to avoid enemies. Their nests, well-camouflaged with weeds and hidden in swamps or brush, can be found only by accident. Parent ducks keep their young huddled close on reeds, swamps, rarely venture on open water. They fly at night, feed generally at dawn and dusk. When danger nears, they fly to the middle of a river or lake, or leave the vicinity entirely.

## CAREY CORK INSULATED SHINGLES

Shield Your Home  
From Summer Heat

Houses roofed with Carey Cork Insulated Shingles are many degrees cooler in summer, but also warmer in winter. A layer of cork, as shown in the cut, tends to stop heat from passing through. These massive shingles not only make a more beautiful roof, but cost less than ordinary shingles, when you consider their high insulating value. Ask us for prices.

For an Electrified Georgia---  
\*  
WHERE WE OURSELVES CAN'T BUILD  
WE WILL HELP OTHERS TO BUILD  
\*

(From an advertisement published in August, 1936, by the Georgia Power Company)

TWO YEARS AGO when the Rural Electrification Administration (REA) was first making itself felt as a force for good, the Georgia Power Company in a newspaper advertisement publicly offered its cooperation to the REA and to the Georgia cooperatives organized under the REA plan.

For years before then we had been vigorously carrying forward our own rural electrification program—and that work still goes forward. But we knew that the federal government, with millions of dollars at its command, could build the additional rural lines faster and farther than we could. And so, for AN ELECTRIFIED GEORGIA, we offered our help.

That public pledge has been backed up by actual deeds. In some instances, our engineers have made the preliminary surveys for Georgia REA cooperatives. In others, our field representatives have aided rural groups in getting organized, and our home service girls have helped farm wives to learn to use their new appliances advantageously.

We are not seeking to take more credit to ourselves than is due. We have merely joined with other organizations and individuals to help wherever we could, in whatever way we could, and we have considered ourselves honored that so many groups of farmers and their leaders have wanted us to help. These services to the REA cooperatives we have given without charge, and we now renew our offer of these services FREE to other cooperatives.

We have helped in this movement because it offers outstanding benefits to Georgia, and the tradition of the Georgia Power Company is that we help in ANY movement for the good of Georgia. We have helped also for sound and solid business reasons. In these hard times, we need all the business we can get, and we are grateful to the federal government and the REA for having broadened the market for electric power in Georgia.

Seventeen of the Georgia REA cooperatives are now obtaining their electric power supply from us (at advantageously low rates). We thus regard them not only as good friends but valued customers.

For all of these reasons, we are proud that the first REA cooperative in the United States to be dedicated by the President of the United States is in Georgia. Our congratulations to the Lamar Electric Membership Corporation and to the people of Barnesville. Sincere good wishes also for the success of your venture in extending electric service to previously unserved farms.

## GEORGIA POWER COMPANY

A CITIZEN WHEREVER WE SERVE

## Mr. President...

Here is good news of electrical progressiveness in your adopted state—

In addition to aiding the REA cooperatives, the Georgia Power Company has now built 4,033 miles of rural lines of its own and is now serving 46,000 rural electric consumers— at exactly the same low rates as we offer in the heart of Atlanta.

In very few other states can the villages and farms buy their electricity as cheaply as the big cities. This uniformity of rates, plus the lowness of our rates, explains why Georgia ranked lowest in the nation in the price of electric service in communities of less than 1,000 population, in a recent survey by the Federal Power Commission.

Georgia homes and farms served by this Company are now buying their electricity at an average price of 2.9 cents a kilowatt hour. The national average is 4.3 cents.

Among the states, Georgia continues to rank FIRST EAST OF THE ROCKIES in the use of electricity in the home.

Homes, urban and rural, served by this Company now use an average of 1,372 kilowatt hours of electricity a year. The national average is 872.

These records have been made despite the fact that the 161,000 rural and urban homes served by this Company's electric lines are scattered over an area of 44,000 square miles. We serve 545 Georgia cities, towns, villages and hamlets, and only eight of them have populations of more than 10,000. A total of 448 have populations of less than 1,000.

Electrically speaking, Georgia is setting the pace for the nation! Already Georgia is far ahead of many wealthy communities in the East and North, both in the cheapness of electric service and in its widespread use by women in the home, by farmers and by industrial workers. But we are not satisfied with the progress already made. We recognize electricity's important role in the advancement of human welfare. And we will ever strive, in the future as in the past, to hasten the day when our state will truly be

Political  
Announcements

Washington, D. C., May 21, 1938

As of this date, I have filed for nomination of my candidacy for re-election to the Democratic primary of September 14, next, for United States Senator.

I wish to express to the Democrats of Georgia profound appreciation of the confidence they have reposed in me, and to say that I have to the best of my ability sought at all times to justify that confidence. If again nominated by them, I shall be equally diligent and appreciative.

In the course of the coming weeks, as opportunity and occasion may offer, I shall be glad to discuss the vital questions of our time and frankly to make known my views on all subjects of concern to the people of Georgia.

Respectfully yours,  
WALTER F. GEORGE.

FOR CONGRESS

I am most grateful to the good people of the First Congressional District of Georgia for your wonderful cooperation in my efforts to properly serve you as your Congressman, and I hereby announce my candidacy for reelection to this office, subject to the rules and regulations governing the Democratic Primary of September 14, 1938. I will deeply appreciate your continued support.

HUGH PETERSON.

This is to announce that I am a Candidate for Congress from the First Congressional District of Georgia, subject to the rules and regulations of the Democratic Primary to be held on September 14th, 1938.

If honored with the privilege of serving you, it is my intention to cooperate with the National Administration to the best interest of the people in my District.

I will sincerely appreciate your votes and support in my behalf.

Respectfully yours,  
THOMAS J. EDWARDS.

"AT YOUR SERVICE" CAR IN TOWN TO HELP LOCAL DEALERS

One of the American Oil Company's white fleet of "At Your Service" cars which are traveling from Maine to Florida in the American Oil Company's territory is in Statesboro, stopping at the local Amoco stations for the benefit of the dealers. It was brought here by A. B. McDougald, Amoco contractor.

Each car carries buckets, paint brushes, brooms and all the equipment needed to show Amoco dealers how to clean up rest rooms and station premises. Each car has a porter who will do the work of cleaning up the stations inside and out. These men will leave each station in clean and up-to-date condition and will point out to the dealers the benefits of maintaining their stations in this condition.

The object of the "At Your Service" and "Clean Up" campaign, says Mr. McDougald, is to teach every dealer to operate his station more efficiently and to instruct him as to how he may be a better merchant. Sanitary code, sidewalk signs and enamel

**Special Election Called  
To Decide On Bond Issue**

To Be Held Here  
On September 21

Projects Planned  
To Cost \$156,824.99

TO VOTE ON THE THREE ISSUES  
TOTALING \$55,000 TO PROVIDE  
CITY'S PART IN IMPROVEMENT  
PROGRAM

The City Council, at its regular meeting last week, passed ordinances providing for a Special Election to be held at the court house here on September 21, for the purpose of determining whether or not bonds in the amount of \$55,000 shall be issued by the City of Statesboro for various improvements in the city.

Three ordinances were passed specifying the call of the special election and the amount of bonds to be issued for each of three proposed projects. The first to determine whether or not bonds in the amount of \$35,000 shall be issued by the City for the purpose of constructing additions to and extending the waterworks system and sewerage system. The bonds would be of one thousand dollar denomination and would be numbered from 1 to 35 inclusive to bear the date of November 1, 1938 to bear interest at 3 1/2 per cent payable on November 1 of each year. The whole amount to be paid off by November 1, 1943.

The second of the ordinances provided for the determining whether or not bonds in the amount of \$10,000 shall be issued by the city for the purpose of providing funds to pay the city's share of the cost of additional street paving, with curbs, gutters, turnouts, sidewalks and storm drains. There would be twenty bonds of \$500 denomination to bear interest at 3 1/2 per cent interest the whole amount to be paid off by November 1, 1938.

The third is to determine whether or not bonds in the amount of \$10,000 shall be issued by the city for the purpose of constructing and equipping a gymnasium for the use of the public schools. There would be 20 bonds of \$500 denomination to bear interest at 3 1/2 per cent interest the whole amount to be paid by November 1, 1938.

These ordinances followed a mass meeting of the citizens of Statesboro at the court house on Tuesday night, August 2. At the meeting it was voted that the mayor and council proceed with the formulation of plans for the proposed improvements.

In the event the citizens of Statesboro vote to issue these bonds amounting to \$55,000, the funds to be used for public works, the Federal Government will consider grants for \$45,000, thus making available \$100,000 for these projects. Preliminary applications are already being made requesting the Federal Government to participate with the 45 per cent with which they will match the \$55,000 the city would raise from the sale of the bonds.

**W. P. A. FOREMAN TO  
RECEIVE TRAINING  
HERE**

According to Miss Gay B. Shepperd, state WPA administrator, Statesboro will be one of twenty-eight cities of Georgia in which courses designed for foremanship training will be held.

TO INCLUDE STREET IMPROVEMENTS, WATER MAIN EXTENSIONS, SEWERAGE EXTENSION AND GYMNASIUM

This week the City of Statesboro is launching a public improvement program totaling \$156,824.99.

According to C. E. Layton, City Engineer, a final project proposal has been made asking for W. P. A. funds with which to improve various streets throughout the city. Statesboro, including grading, draining, surfacing, constructing sidewalks, curbs, and gutters, installing water mains, storm sewer lines, landscaping and apartment work.

The cost of this entire project, says Mr. Layton, will be \$75,079.55. Under the new spend-lead program of the Federal Government, the W. P. A. will furnish \$32,051.60 or 45 per cent of this amount as a direct grant, provided the city and property owners will raise \$42,027.95 or 55 per cent. Provision is made in the calling of a Special Election to be held here on September 21, for a bond issue of \$10,000 which, if voted, will provide that amount of the \$42,027.95. The preliminary application on this project has already been returned to the city authorities and the final project proposal is now in.

Preliminary applications, together with preliminary drawings are ready on two additional projects. One for \$63,636.35 of which \$34,645.45 will be spent on extending the sewerage system of the city and \$29,000.90 to be spent on extending the waterworks system. The Federal Government will provide a P. W. A. grant of \$28,636.35 or 45 per cent of the cost, provided the city will raise \$35,000 or 55 per cent. Provision to raise this \$35,000 is made in the call for the special election on a bond issue for this amount.

The third project is for the construction of a gymnasium for the use of the public schools. Preliminary application and drawings have been made, calling for the expenditure of \$18,102.00. Of this amount application is being made for \$8,102.00 as a P. W. A. grant from the Federal Government. This is 45 per cent of the total cost. The balance, \$10,000 is provided for in the special election on a bond issue.

According to Mr. Layton, all the preliminary applications, drawings, etc., must be in the office of the Federal agency handling this grants before October 1. And actual construction must be started before January 1, 1939.

**M. P. Martin Jr. Wins  
\$100 Scholarship**

PREVIOUSLY NOTIFIED THAT HE HAD WON ANOTHER SCHOLARSHIP ALSO AT UNIVERSITY OF GEORGIA

M. P. Martin Jr., Stilson A-H club boy, has just been notified that he is one of 25 boys to win a \$100 college scholarship at the University of Georgia. M. P. will enter the College of Agriculture at the university this fall.

Previously this young clubber had been notified that he had also been awarded a \$62.50 scholarship at the same institution. This all makes it possible for a clubber that had felt that it was not going to be possible for him to enter college to realize an ambition that has been a guide to club work over a five year period.

Young Martin has stated all the while that he wanted his project large enough to finance a college education when he finished high school. He started off with a calf that the Sea Island Bank helped him to buy. This calf has grown into a fair sized purebred herd of Black Poland China hogs and a continuation of the cattle feeding project.

**Friendship But...**

President Franklin D. Roosevelt, whom we all respect and admire, is bent on weeding out of councils the Democratic party all "Yes But..." representatives in congress.

He took that unmistakable position in his vicious attack last week on that venerable gentleman, Senator Walter F. George of Georgia, who he called, "my old friend."

He emphasized that George was his friend and avowed his friendship not once, not twice, but several times.

But the president then launched the most vitriolic attack, which even passed the lips of a president in any campaign—much less one in which he could have but one interest—the designation of a "Yes Man" for the Roosevelt policies.

Maybe we have no conception of what friendship is composed. Perhaps we cannot speak for the deep south and its traditional love for friends and its almost fetish loyalty to those whom we call our friends.

It may be that the south and Georgia in particular have discarded those high concepts and are ready to accept Mr. Roosevelt's definition of what friendship has degenerated into under his attempt to dictate all national legislation.

As the President called George "my friend," he held high the executioner's knife. When he had slashed Georgia's senior senator, he again pledged his friendship but ruthlessly sunk his stilettos into George time and time again.

It was cruel. It was premeditated. It was against every conception of a Georgian's idea of friendship and Georgians generally will resent it. They didn't like the reenactment of Caesar's slaying.

Georgians believe that friends stand by whether one is right or wrong. That was our conception of friendship in the deep south and especially in GEORGIA before we got a new definition from the President.

Mr. Roosevelt made it plain that he wants only "YES" men in the national congress. He wants men not to represent Georgia, but is asking for men who will do his bidding regardless of how it affects our state or any other state. He wants to eliminate all "Yes But" men not only from the New Deal and the Brain Trusters, but also from the official ranks of the Democratic party.

If Georgians want that, they know how to get it. They can vote for Lawrence Camp, self-styled, 100 percent Roosevelt "Yes Man," even though the President is not a citizen and cannot vote for him. If not, they know how to keep a man who for 16 years has ably, courageously and staunchly voted his convictions in the interests of the state.

Regardless of how we vote, or what Georgia does, we believe Georgians generally will resent the "Friendship But..." attitude assumed by the president in his Barnesville dedication of the REA project, in which he was so concerned about his "friendship for George" that he forgot to pull the switch to give the patrons of the line lights and power which the project was to have provided.

Bulloch county, we are convinced, means to vote for George. It would have voted for George if the President had not come. It will vote for George now that he has come and gone.

The "Friendship But..." attitude of the President failed to impress seriously the voters of our county or Georgia especially since it is known the President has never yet turned on that power on the REA project.

Georgians still LOVE President Roosevelt, but they LOVE the autonomy of the EMPIRE STATE even more.

**COUNTY CHAMPIONSHIP  
SERIES TO BEGIN  
TODAY AT 4:30**

Bulloch county's championship baseball series will begin here this afternoon (Wednesday) at 4:30 o'clock with Port playing Stilson for the county title.

Early in the summer a six-team county league was organized in Bulloch county. The six teams were: Stilson, Port, Statesboro, Teachers College, Brooklet, and Middleground.

Port won the first half of the divided season's play and Stilson was the winner of the second half. Gillespie will be on the mound in the opener for Port and Proctor will work for Stilson.

**Senator George  
Accepts Challenge**

Sigma Chi Ask For  
Alumni Chapter

PETITION FILED FOR ALUMNI  
CHAPTER OF FRATERNITY  
HERE

At a meeting held at Beachwood, near Statesboro, Friday night, thirteen members of the Sigma Chi fraternity organized the Statesboro Sigma Chi Club. There were three members of the fraternity who were not present but are included in the membership of the new club.

Dr. R. J. H. DeLoach was made president of the club and Dr. John Mooney secretary and treasurer.

The new club has applied to the national headquarters of the Sigma Chi fraternity for a charter for an alumni chapter of that fraternity.

Dr. R. J. H. DeLoach is one of the founders of the Delta Chapter of Sigma Chi at the University of Georgia and also assisted in the establishment of the chapter at Emory University. Dr. DeLoach states that there are more members of the Sigma Chi fraternity in Statesboro, according to population than any other city in the United States.

Those present at the organization meeting were: Ed Aiken, John Mooney, Dr. R. J. H. DeLoach, J. P. Foy, Inman Foy, Edwin Donohoe, Harry S. Aiken, R. L. Cone Jr., Gus Sorrier, Dr. W. E. Wood, Frank Simmons, Homer Simmons, Jack Jenkins. The other members who were not present are: Outlaw McDougald, J. E. McCroan Jr., and John F. Brannen.

When the President had finished his speech, Senator George stepped forward and said, as he shook hands: "Mr. President, I regret that you have taken this occasion to question my Democracy and to attack my public record."

"I want you to know that I accept the challenge."

**Third Farm Bought  
Under TPA Plan**

NATHAN BENNETT, FARM SUPERVISOR, TAKING APPLICATIONS NOW

Nathan R. Bennett, Bulloch supervisor of the Farm Security Administration, announced this week that the purchase of the third farm under the Bankhead-Jones Tenant Purchase Act had been completed.

Mr. Bennett stated that last week the local office had paid \$2,500 for the C. J. Hendrix place of 67 acres, located near the West Side school. The first two farms purchased under this act were the Dan Riggs place containing 149 acres at \$3,950 for W. E. Deal and the J. M. Williams farm containing seventy five acres for \$4,000 for Otis Rushing.

Mr. Bennett added that he is now taking applications for additional purchases under this act and stated that the application blanks may be secured from his office the county agents' office or the vocational teachers of the county. The application date closes August 31 for purchases for 1938 and 1939.

Mr. Purvis spoke briefly expressing the hope that Statesboro's Tobacco Market will be able to secure two sets of tobacco buyers another season. He added that his office is doing all they possibly can to help secure these buyers for Statesboro.

Mr. George Hill, secretary of the Sylvania Rotary Club was a visitor here Monday and issued a personal invitation to the Statesboro Club on part of the Sylvania Club to that club's Charter Presentation at Sylvania, Friday night.

**T. ROSS SHARPE TO SPEAK  
HERE TOMORROW FOR  
THOMAS W. EDWARDS**

Mr. T. Ross Sharpe will speak here tomorrow afternoon at five o'clock. Mr. Sharpe will speak in the interest of Thomas J. Edwards, candidate for Congress.

**Replies In Speech  
Waycross Monday**

GEORGE FOR A MOMENT, LOSES  
CONTROL OF HIS EMOTIONS IN  
SPEECH AT WAYCROSS

President Roosevelt came to Georgia last week and on Thursday at a dedication of a Rural Electrification Administration project at Barnesville told the people of his adopted state that "I have no hesitation in saying that if I were able to vote in the September primaries in this state I would vote for Lawrence Camp."

He told his Georgia neighbors that they will find economic rehabilitation through the election of congressmen who will cooperate with the liberal New Deal.

Thus he threw into the face of Senator Walter F. George a challenge that was promptly accepted.

"The test lies in two questions," the President said in discussing Senator George's candidacy for reelection. "First has the record of the candidate shown, while differing perhaps in details, a constant active fighting attitude in favor of the broad objectives of the party and the government as they are constituted today and, secondly, does the candidate really in his heart believe in the objectives?"

When the President had finished his speech, Senator George stepped forward and said, as he shook hands: "Mr. President, I regret that you have taken this occasion to question my Democracy and to attack my public record."

"I want you to know that I accept the challenge."

**STATESBORO TO SEE  
ITSELF IN MOVIES**

A RECORD OF STATESBORO'S PROGRESS SHOWING LEADING MEN, WOMEN AND CHILDREN

According to a statement made by Mr. W. C. Macon, the premier of "Forward: Greater Statesboro," will be shown at the Georgia Theatre on Monday, Tuesday and Wednesday of next week.

This movie consists of scenes taken exclusively of Statesboro people and Statesboro enterprises. It was made under the direction of Mr. W. C. Macon of the Georgia Theatre. He says that Statesboro has never seen anything like it. It contains over one hundred of the cities leading men, women and children. It includes the scenes of Statesboro at work and at play.

It is planned to do Statesboro the greatest good of any one thing in some time. It will be a permanent record of Statesboro's progress.
